Conference Programme

Natasha's Law Business Conference:
Everything Your Business Needs to Prepare.

About Conference Overview

The Natasha's Law Business Conference 2021 is being held in order to help companies prepare for the Food Information Amendment 2019 (also known as Natasha's Law). The online event will be packed full of workshops, live training sessions, panel discussions and

talks from leading experts in Allergen Management and Labelling.

Natasha's Law is set to come into effect in October 2021, having been officially introduced by Secretary of State for Environment, Food and Rural Affairs, Michael Gove, in June 2019.

About The Conference

Nutritics, along with partners at the UK Food Labelling Resource, will be hosting a virtual conference specifically for UK food businesses. The three day event will take place from July 6th to 8th, 2021.

The Natasha's Law Business Conference 2021 is being held in order to help companies prepare for the Food Information Amendment 2019 (also known as Natasha's Law). The online event will be packed full of workshops, live training sessions, panel discussions and talks from leading experts in Allergen Management and Labelling.

Natasha's Law is set to come into effect in October 2021, having been officially introduced by Secretary of State for Environment, Food and Rural Affairs, Michael Gove, in June 2019.

The UK Food Labelling Resource is a non-profit information group formed by Nutritics, a provider of allergen management and nutrition labelling solutions. This group represents stakeholders from across food industry, research, labelling and government and was established to support the effective roll-out of new food labelling legislation in the UK.
